Halloween Safety Tips

BOSTON FIRE DEPARTMENT

FIRE PREVENTION DIVISION

TRICK-OR-TREATING

- Smaller children should always be with an adult. It's best to take little ones out early.
- If older children are going out without you, go over the ground rules first!
- Know what neighborhoods they will be in.
- Don't allow them in areas with which you are not completely comfortable.
- Have children stay in a group.
- Let them know what time, to be home.

Instruct Children to:

- Use sidewalks.
- Cross only at the corners never dart out between parked cars.
- Cover one side of the street at a time, no criss-crossing.
- Never go inside someone's home unless it is a friend's.
- Never accept a ride in a car.
- Only approach houses where the outside lights are on as a signal of welcome.
- Bring their bags home to be checked by an adult before eating a single treat.

COSTUMES

- Children should carry a flashlight and their costumes should be bright-colored or have reflective tape to highlight them.
- Be sure all parts of the costumes are labeled flame retardant.
- Costumes should not have trailing material or tails long enough to cause falls.
- Pointed objects such as swords and devil's forks should be made of soft material.
- If your child wears a mask instead of make-up on their face, double check that the eye holes are large enough to see through clearly.
- Children should wear sturdy shoes and temperature appropriate clothing underneath their costumes.

RECEIVING TRICK-OR-TREATERS

Make sure your own home is well-lit and that there is a clear path to your door. Bicycles and lawn furniture can trip youngsters in the dark.

CHECKING TREATS

Throw out anything that appears tampered with, homemade foods or home packaged foods unless you are certain of the source.

Inspect fruit closely and take away treats that may not be age appropriate. Young children may choke on things like hard candy or peanuts.

FIREWORKS

Firecrackers, cherry bombs and party poppers cause many injuries and fires on Halloween. These are dangerous and should not be used by children, teens or adults. Besides the physical danger and the fire hazards involved, fireworks are illegal in Massachusetts.

DECORATIONS

- Use small flashlight in pumpkins instead of a candle.
- Only use flame proof crepe paper.
- Keep dried leaves and corn stalks away from all flames and heat sources.
